My Name is Shobha Ratnaker Baste. I had vision problem for the last one year and I was not able to read books, news paper and also watch television, apart from this I had full of dandruff.

A friend of ours Mr. Ratnaker Santhu Baste advised us to try Noni for some time. Ever since I had started consuming this Health Enhancer I could see everything clearly, I could read, watch T.V without any difficulty.

Now I continue to have this Indian Noni regularly. I am much thankful to the Indian Noni and the introducer of Noni.

Indian Noni has gifted me a new life.

I am Pentaiah from Secunderabad. For the past six years I was a known Diabetic.

I was always found to be very weak ailing with severe body pain all the time.

I was also losing weight drastically and my vision was becoming poorer. And due to my diabetes, my serum creatinine levels were very high.

One day my doctor, Dr. Satish Kumar suggested to try Indian Noni along with my other medication. I was glad to try anything that would help me in anyway.

Now I have been taking Indian Noni for the last three months, to my surprise, my serum creatinine level has decreased and my blood sugar test results have showed all the parameters are normal.

Further, my eyesight is definitely better.

Indian Noni is really very good and it is worth trying.

It is my privilege to state that Indian Noni is a sanjeevani for the rectification of various disorders of liver, kidney, pancreas and eye.

Personally I have observed its effect on retina of my right eye where the image formation and clarity of vision improved within the first 15 days of usage of Indian Noni against Central seral retinopathy.

Presently working as Principal in D.R. Karigowda College of Pharmacy, Hassan.

I wish Indian Noni shall be kamadenu for the patients using the same for various disorders as per the literatures on Indian Noni.

I have been suffering from sinus trouble for the past 10 years and used to have continuous sneezing at regular periods.

I had been on medical treatment and advised a nasal operation which I did not do.

My neighbour Mr.Nuruddin.T. Rakdawala had then advised and recommended Indian Noni to be taken for sometime.

So, for the past 6 – 7 months after consuming Noni, the frequency of sneezing has reduced and the breathing is more free.

My great appreciation for the recommendation of Indian Noni.
