Urinary Problem

Dattary Govind Kamble

55 Years

Male

At Post-Panshet

Tal. Velha Dist.

Pune-412107

I was suffering from urinary problem for the last 10 years. I have spent lot of money and time to get better but no results.

Finally my friend Hari Jadhav told about Noni and advised me to take it.

After taking Noni regularly my urinary problem has become alright. I feel much better now.

Thanks to Noni.

Acute Renal Failure

Manisha Sharad Khedekar

28 Years

Female

S. No.101/2-B

Behind Jyoti English

School, Nehru Nagar

Pune-411018

I was suffering from acute renal failure and had undergone operation for miscarriage in the 8th month.

Since then kidneys were not functioning properly. I started on dialysis on alternate days. I Also underwent an operation for abdominal burst (stitches at the previous operation were not sufficiently strong)

One day our family friend Mr.Chikate introduced Indian Noni to me. I started consuming Indian Noni along with ayurvedic medicines since last 2 months.

The urine output initially was 20-25 ml/day and has increased to 1.2 to 1.5 liter on an average.

Currently dialysis is completely stopped.

Apartments, Kadri, Bejai
Mangalore-575004
Karnataka

- 1) I was suffering from High B.P for the last 18 years. Even after medication there was no improvement.
- 2) Neck Pain for the last 3 years
- 3) Gastric, High Acidity for the last 25 years
- 4) Anxiety, high temper, lack of proper sleep
- 5) Kidney stone

After taking Noni for 10 months, my High B P is back to normal. Neck pain is better by 80%, 100% better from Gas trouble and acidity.

After using Noni, within two weeks I passed out the 10mm stone without any trouble, pain or side effects.

It has helped me 90% in other cases. Previously I used to get tired very soon but now I feel energetic and feel good from morning till I go to bed at 10 pm at night.

For me Indian Noni is amazing juice for all ailments. I recommend all of you to use Noni regularly.

Kidney Stones, Diabetes, Spondylitis

Nagalambike

62 Years

2715/B II Main VIII Cross
Jaihind Flourmill
V V Mohalla, Mysore
Karnataka-570002

I am a diabetic and B.P. patient since 4 years. My sugar level was 370-400 and BP varied every month.

According to Doctors advice I took 4 tablets daily. I had spondylitis for the past 3 years and was advised to use collar.

I was not satisfied.

Last year when I was in Bangalore I got a severe stomach ache and analysed as kidney stones, which should be operated at a cost of Rs. 15000/-. I was afraid and returned to Mysore.

My son M. Prabhu Prasad introduced Indian Noni and I am drinking 10 ml daily.

After 3 months of Noni therapy my sugar level is 134-177 and now I take a single tablet.

NONI TestiNONIals

5

My spondylitis and kidney stones problems are completely solved. I also had knee pain which obstructed me from walking. I was unable to walk a single round and feel tired.

Now you may not believe me, I go for 4 to 5 rounds daily very easily. I have advised about Noni to more than 10 people who are my walking mates and who have the same problem.

I thank Indian Noni for giving such a good health to me and my other Family members.

Indian Noni is a real health enhancer with totally no side effects.

Shapur Nagar

Hyderabad-500855

Andhra Pradesh

I had been undergoing dialysis for the last four years. Due to the dialysis, I felt very weak and tired all the time. I could not carry out even the simplest household works.

Also, I felt miserable about the amount of money that had been spent on my condition - all with no positive results.

At this juncture, one of our associates Mr. Ratnanandam suggested me to consult Dr. Satish Kumar. I met the doctor and on his recommendation, I started drinking 30 ml of Indian Noni everyday, for two months.

Today, I am no more a dependent on dialysis and both my kidneys are functioning normally. I feel active and am able to carry out my daily chores with ease.

I strongly feel that Indian Noni is a necessity for one and all, healthy or sick !

I was suffering from acidity, gastric problems and stone in urinary tract.

Mr.Raj Kumar Shinde introduced me Indian Noni on 22.7.2005. I started consuming Indian Noni.

Within 7 days of consuming Indian Noni I could see the difference. Acidity, gastric problems have gone. The stone in urinary tract also gone. one was 5 mm in size and another one of 8 mm in size.

Now I am completely alright.

Thank you Indian Noni.

Renal Failure and Angina

Ashwin N. Chavan

43 Years

Male

1142 A/3 E, Sykes Extn.
Kolhapur,
Maharashtra-416001

I am a physically well built man, well built with rigorous physical exercise from the age of four. I was hit by severe stomach ache and down with total Renal Failure. During a medical examination, it was detected to be Angina associated with severe Cardiomyopathy. My blood pressure had reached to an exploding level of 240 – 170. The physicians were amazed and went for an immediate investigation. They found out that my heart had grown one and a half of its size. More physicians were called in. My life had almost come to an end. I was given just 2 hours for survival. Anything could happen to me, a cardiac failure or a brain haemorrhage. It was going to be fatal. Everything had almost come to an end.

My only daughter 17 years of age and my nephew whom I loved most were with me. A feeling of utmost loss on their faces, trying to hold

NONI TestiNONIals

12

tears, gasping for words, they were there not knowing what to say. But everybody was dazed when I survived miraculously as a result of the physician's intellect and hard work.

I was living with the biggest vital handicap of having a bloated heart and my kidneys had reached a state of failure. Fatigued with the thought of living a totally hopeless, crippled life, my mental state was worse than just being depressed. I was told I was medically beyond recovery and was supposed to live on a very special diet and not to walk and talk. I was told that my future life span was very limited even with regular medication.

I met my friend Abhijit Sawant, on 28th of July 2003. I listened to him and I started the experiment with Indian Noni. The result was fast, and beyond conception. I was on the routine medical follow-up visit for every 15 days. At the end of August, I was told that my heart had reached a stage of recovery. My cardiogram was almost normal. I started exercising slowly. My mental state has totally improved. I started taking up some physical work, traveling on the bike, walking cross country, talking with people jovially and enthusiastically. Following routine treatment and examinations, my medications gradually came down, almost to nil status. My family has regained its confidence and the feeling of security which they had hopelessly lost in the earlier months. My daughter has started vigorously

NONI TestiNONIals

13

studying for her intermediates and we are back into Life. All because of the nature's miracle, Indian Noni.

Mother nature has its own cure. Saying a word of thanks cannot release me from my obligation to Indian Noni. Indian Noni is my family member. It should be loved and consumed by all. Thanks to Indian Noni.

I have been suffering from kidney problem.

My both kidneys were not working properly. Due to this problem I was hospitalized many times. Doctor advised to undergo for kidney transplantation operation which will cost heavily.

Mrs. Asmita Naik, my friend suggested to try Indian Noni.

On her advice I have started taking Indian Noni. Presently my both kidneys work normally. I feel myself very healthy and cheerful.

I can truly say Noni has changed my life.

For me its God's gift. Thanks to Indian Noni.

Renal Stones

Irsahad Mussa Khatik
(Presented by his Father)
12 Years
Male
48 / E, Sadar Bazaar
Kolhapur

My son Irsahad was generally a healthy boy till 2002. But for the past two years he was suffering from some kind of stomachache and he used to take very little food. He became very weak and his body weight was slowly decreasing.

Saddened by this reality, I met my family doctor for support. The doctor had examined my son and asked me to approach a specialist with a scan report. I took the scan reports and approached the specialist who gave me the news that jolted me totally.

He said that there is a stone formation in the kidneys and an operation is essential within a month. He had also told me that the expenses will be around Rs.12,000/-.

I approached another charity hospital and explored the possibility of reducing the cost of the operation.

NONI TestiNONIals

16

Having understood my condition sympathetically, they said that it could not be reduced less than Rs. 7000/-. I was totally lost at that hopelessness.

Incidentally I happened to meet Mr. Ashwinkumar Chavan, who told me about the great juice called Indian Noni. He told me the benefits of Indian Noni.

He advised me to give Indian Noni to my son and he educated us how to take Indian Noni regularly. Irsahad started taking Indian Noni.

After a week, he felt very good. The stomach pains were reduced and he found that renal stones were passing through urine without any trouble.

He collected the urine in a pot and we all observed that there were stones of different sizes.

I have sent these stones to you for your archive. We owe a lot to Indian Noni.

My family is very much pleased. My son is perfectly alright now and we are very much pleased.

We are grateful to Indian Noni.

Maharashtra-422008

I had undergone surgery on both the kidneys, in the month of April 2004. After surgery, the Sonography report says that there were some small stones still remaining in both kidneys. Due to that I could not do my regular work comfortably.

Indian Noni is really a good fruit juice which helped my body to stay very active. I started drinking Indian Noni from the month of November 2004.

After taking Indian Noni I did not feel uncomfortable and I am very active. In the Month of February 2005 when I went for the sonography test. To my surprise the report says that many small stones dissolved and the size of one big stone is also reduced. Now, whole day I am active and energetic.

All because of Indian Noni.

I am a housewife, aged 58 years. I have been undergoing Dialysis for the last three months. Due to Dialysis, I have become very weak and tired all the time. I could not stand and eat independently. During dialysis, my body was swelling and I have spent more than a lakh of rupees for Dialysis.

One of my friends & Sri P. Katrabasappa, Retired Engineer, suggested me to drink Indian Noni. After taking one bottle of Noni, I stopped undergoing Dialysis. Now I am taking Noni for the past five months. Today, my kidneys are functioning normally and I am back to normal life and I am very much active and energetic.

Indian Noni saved my life and also money. Really, Indian Noni works amazingly. Also I am thankful to the Nature's Gift of Indian Noni.

Kidney Failure

Kishore Kumar Bal

43 Years

Male

Jordighi, P.O.Mohitnagar

Jalpaiguri-735101

West Bengal

During December 1994 I had met with an accident and was bedridden for 6 months with plaster on my hip (3 pieces).

I was given traction and was frequently passing blood through urine due to catheter. There was urine obstruction and I did not have any sense of urination. The matter worsened as I contacted Hepatitis-B probably due to needle infection.

I was frequently taken to Kolkatta as this place was not having adequate medical facilities. I was taken to Vellore during November 1998 for operation in urinary tract on account of obstruction. I again went there during May 2000 for check up and the doctors declared I was cured.

But again in 2003, ulcer was detected in my stomach for which I was again taken to Vellore in July 2004. I had become anaemic and a host of tests like endoscopies, etc was performed.

NONI TestiNONIals

29

I was given high protein diet,tonics,etc. as I had become anaemic.

Due to all these my both kidneys failed to function. I was literally on my death bed. At this juncture, in the month of January 2005, I was told about Noni by my homeopathy doctor and friend. Probably on the 7th or 8th day, when I was on 15 ml dose, there was swelling in my entire body. However, due to the strong belief of my wife and probably as I did not have choice, I persisted with Noni.

On the 10th day, I started passing urine with somewhat ease and the swelling started subsiding. I was ecstatic.

Now I am a dedicated Noni drinker and have no hesitation to say that I am 50% fit. My family members are also relieved as there was considerable drain on our resources for the last 10 years.

I thank Noni and all those who have come to my rescue at the correct time.

Now I am completely alright and taking maintenance dose.

Thanks to Noni.

Renal Failure

C. Ravindranath Singh

57 Years

Male

Hyderabad

Andhra Pradesh

My name is Chintaman Revindranath Singh. I am 57 years old. On January, 2003, I was admitted in the Care Hospital, Hyderabad for breathlessness. Angiogram at Medicity Hospital detected a problem with my Aortic Heart Valve. I underwent Aortic Valve Replacement Surgery at Medicity Hospital. The same week, both my kidneys failed (Renal Failure) and I was on dialysis, 5 times a week. We spent lot of money on my treatment. My Nephrologists advised me to undergo Renal Transplantation, an expensive procedure but since I am a Diabetic & Hypertensive, he cautioned me not to be too optimistic. Feeling depressed and worried, I visited my family physician Dr. G. Satish Kumar, who advised me to try Indian Noni which has worked well with similar cases like mine. With great hope, I started Indian Noni and surprisingly within 20 days, my dialysis frequency started coming down gradually.

Indian Noni had improved my sense of well being and I have resumed my job. I am indebted to Dr. G. Satish Kumar for saving my life & introducing me to this excellent juice I call, 'Amrutha' !

Kidney Problem

Syededa Begum

advised me to take all the tests. As per Dr. Kulkarni's advise on 4.12.04 I went to the Hospital to take all the tests.

But medical report was showing totally normal.

I showed the normal report to the doctor. Doctor has informed me not to do angioplasty. Today my sugar and BP both are normal. I don't have any problem as of now.

Because of Indian Noni I saved my Rs. 2.0 lakhs.

Thanks to Indian Noni. Now in my family everyone consumes Indian Noni.

I love Indian Noni.

Kidney Stones, Diabetes, Spondylitis

Nagalambike

62 Years

I am a diabetic and B.P. patient since 4 years. My sugar level was 370-400 and BP varied every month.

According to Doctors advice I took 4 tablets daily. I had spondylitis for the past 3 years and was advised to use collar.

I was not satisfied.

Last year when I was in Bangalore I got a severe stomach ache and analysed as kidney stones, which should be operated at a cost of Rs. 15000/-. I was afraid and returned to Mysore.

My son M. Prabhu Prasad introduced Indian Noni and I am drinking 10 ml daily.

After 3 months of Noni therapy my sugar level is 134-177 and now I take a single tablet.

My spondylitis and kidney stones problems are completely solved. I also had knee pain which obstructed me from walking. I was unable to walk a single round and feel tired.

Now you may not believe me, I go for 4 to 5 rounds daily very easily. I have advised about Noni to more than 10 people who are my walking mates and who have the same problem.

I thank Indian Noni for giving such a good health to me and my other Family members.

Indian Noni is a real health enhancer with totally no side effects.

High Albumin & Swelling of Kidney

Vrushali Vikrant Kadam

5 Years

My grand daughter Vrishali suddenly got fever. Doctor advised for tests. After tests the problem was found the ie. Albumin percentage was more in urine, severe cough, skin diseases, swelling kidney.

She used to get check up regularly but medicines didn't work. Day-by-day her health was becoming serious.

We were tensed and didn't find exact solution. It was a big question mark in front of us.

During that period Mr. Sanjay Nakil advised us to take Indian Noni. So we also gave a try.

Within 8 days we found in repeated tests that Albumin in urine is controlled. No swelling in kidney. Skin is totally improved. We found our

grand daughter looking fresh, physically fit, cheerful as she was before. There is also progress in her studies.

Indian Noni is God's gift for sound health.

We are the witness of it.

We advise you all "Buy Noni and try it" and feel the difference.

Acidity, Gastric Problems, Stone in Urinary Tract

Pandurang Marthand Shilke

62 Years

Pawan Nagar Gurav

Pimpal Wadi, Pune

Maharashtra-412412

I was suffering from acidity, gastric problems and stone in urinary tract.

Mr. Raj Kumar Shinde introduced me Indian Noni on 22.7.2005. I started consuming Indian Noni.

Within 7 days of consuming Indian Noni I could see the difference. Acidity, gastric problems have gone. The stone in urinary tract also gone. one was 5 mm in size and another one of 8 mm in size.

Now I am completely alright.
