I am a housewife, aged 55. I have been suffering from Diabetes, Hypertension and Obesity for more than 10 years. I used to feel like sleeping all the time. I had severe body pain too. As a result, I don't wish to go out of the house. I feel depressed all day. Adding to my woes, my sugar level goes up and down often leading to swelling of both lower limbs.

My family felt sad on seeing my state. Our doctor introduced this Indian Noni to us and asked to try it for a while. I tried the health drink for 120 days, taking 30 ml a day. Now I am feeling better. Now I rarely sleep during the day, my swellings are better; sugar level has come to normal and I feel active and fresh all day.

My family is happy; I thank Indian Noni and the doctor who introduced the product, which gave me my life back.

After getting my blood tested for fasting and post lunch values, the doctor confirmed that I had Diabetes which is in the initial stages and advised me to control my diet and do some simple exercise daily.

With this, my weight which was 72 kg came down to 71 kg by end of May 2003 but the sugar levels increased and it was time to go on taking tablets for controlling Diabetes.

Hi friends ! My name is Theresa John. I am 51 years old. I would like to share with you my personal experience of happiness that I enjoy because of Indian Noni at present.

Twenty seven years back, I was laid up with typhoid, relapsed thrice and due to excessive drugs, my blood was poisoned and I had rashes all over the body; there were blisters and water oozing from them.

I am allergic to all antibiotics, penicillin, sulphas, analgesic and pyridoxines. From that instant, I am unable to take any kind of medicines – not only Allopathic, but even Ayurveda, Siddha, Unani, Homeopathy medicines - orally or externally.

## NONI TestiNONIals

As days rolled on I gained weight (89kg / 5ft) and due to this Obesity, I started suffering from Arthritis and Varicose Veins. For the past 20 years I was with swollen knees, with burning sensation in my feet, pinprick pain in toes and severe pain in my sole. Because of these ailments, I could not climb steps, stand for five to ten minutes at a stretch, could not sit and get up as per the need and take first few steps with ease.

So I curtailed all my activities and confined myself within four walls. Along with the above mentioned body conditions, a new comer, Diabetes joined me last 13 years and my sugar count at random was 332. I was completely disheartened.

Since I am an Allergic to all types of drugs, I tried my best to control the situation only by strict diet and that too was not that helpful.

Last year when I met Dr. P.I. Peter, he suggested me to try Indian Noni. At first I was reluctant to take, then I thought why not I try it out since it is only a fruit extract.

I tried it and to my surprise, without any other medicinal support, on the fifth day I climbed nearly 25 steps at a stretch without any knee pain and other symptoms as I mentioned earlier.

I am now free of my 20 years Arthritis completely. All praise and thanks goes to Mother Nature.

## NONI TestiNONIals

After a month, I checked my sugar level. It was normal without any medicines or diet and my weight came down to 76 kg. As an adaptogen Indian Noni has played its role with Diabetes and weight management.

In January-2004, I underwent a major surgery and in the post-operative stage, due to drug allergy, severe rashes came all over my body and also discoloration of the skin. I soaked my body with Indian Noni before bathing and now all my rashes have gone and my complexion has also improved. I now look better than before. My doctors too were astonished to see me now.

I have fully recovered from rashes, arthritis and diabetes. My body weight is 70 kg with normal sugar level.

Thanks to Dr. P.I. Peter who introduced Indian Noni in my life and I can never forget this enhancer and adequately express my joy with Indian Noni.

Now I recommend Indian Noni to whomever I come across and enjoy their blessings also.

I met Mrs. Sharmila R. Ambore in a seminar who introduced me to Indian Noni and I started taking it.

Till now I had completed 5 bottles of Indian Noni. My weight has reduced by 6 kg and I am feeling very light.

Thanks to Indian Noni.

Indian Noni has come into my life as a stress reliever. It made me to sleep very peacefully at night and wake up very fresh in the morning. It kept me truly internally charged and alert throughout the day at my work.

I am a professional entrepreneur carrying out several business activities all over with greater life expectancy resulting to drastic change in life style, extensive travel by all means, wrong food habits, prolonged talk on Mobile phones resulted in me, a high amount of mental stress and strain.

I was not able to concentrate on the job followed by irritation in the evenings and no good sleep at night.

I have no health problem, but I was willing to seek Doctor's consultation for a feeling of well-being, more energy and overhauling of the above problems.

This was the time when I got introduced to Indian Noni by Dr. P. I. Peter and with a great belief I started taking Indian Noni juice regularly with life changing results.

Now I have found considerable reduction in my weight, more life force energy and vitality for extra work. Subsequently I have become a permanent user of Indian Noni and today everyone in my family i.e., my parents, brother, wife and my little kids are Noni users and immense lovers of Noni.

Further I started promoting Indian Noni to large number of people with great results, those who were suffering with many chronic diseases and spending lots of money regularly.

Today for me " Noni Earns Great Health and True Wealth". Now I desire to live with Noni and see the world with abundance of Noni.

I pray the almighty God to bless and strengthen the power of Noni more and more to reach it to large number of needy people.

Thank You Noni... Noni I love you.
