Epidermolysis Bullosa

1

**Amol Shankar Rao
Sudewad**

27 Years

Male

Krishi Sarathi Colony
Basmat Road
Parbani-431401
Maharashtra

Mr. Amol Shankar Rao Sudewad got his new life after 25 years of chronic illness and suffering.

Amol suffered from a disease called Epidermolysis Bullosa (a deadly skin disease) since he was 2 years old.

This disease resulted in him with no skin in all the pressure points of the body like fingers, knees, ankles, arms, chin, etc. No new skin was developing from those areas. The whole body was full of pus and emitting very bad smell. He was not able to walk, not able to eat any spicy food, not able to climb staircases and the whole life came to a standstill although all the comforts were available in his home.

NONI TestiNONIals

2

He was taken to many reputed hospitals in Bombay, Pune, Nashik and also to USA for treatment but the disease couldn't be cured. There was no improvement. He was also treated in an Ayurveda Hospital in Nashik for one year. Lakhs of rupees were spent with absolutely no result and no hope.

During these days of despair a close friend of Amol, Mr. Shivraj J. Ponde introduced Indian Noni, which came to him as a blessing from the Universe.

Amol is continuing Noni since last 3 months and the amazing development happened, new skin has developed in all the pressure points and as per Amol's statement he has recovered 90% from his suffering. He is now feeling good with normal food, walking, traveling, climbing staircase and he is able to lead normal life.

Amol on finding this amazing result, came directly to Chennai to share his overwhelming happiness with us by traveling 1050 kms with his childhood friend Mr. Suresh Baliram Patel who has seen him suffering for the last 15 years and Mr. Ponde who introduced him to the nature's gift Noni.

Today this result has brought tears in the eyes of our great leader Prof. Dr. P.I. Peter. It has been proved Indian Noni really works... and it works beyond our expectations.

NONI TestiNONIals

3

Amol shared his personal experience of Noni with all the staff members of Health India Laboratories (HIL), those who are directly and indirectly serving Indian Noni to reach people like Amol.

His sharing touched everyone's heart and it created a space of joy and satisfaction in them.

They realized how their participaton in Health India Laboratories is so meaningful and truly overwhelming.

Eczema

Jalpaiguri-735101

West Bengal

I was infected with Eczema during Nov.04 on my left as well as right neck. This was probably on account of a woollen sweater (pullover) I had started wearing.

The full neck area was affected. There was severe itching and consequently blood/pus etc used to ooze and I had to wear collarless clothing. Since here in Jalpaiguri, winters are severe, I was in severe distress.

I came to know Noni from Mr. Sujit Saha of Jaipaguri who is a good friend of mine. He gave me a bottle of Noni and I started taking it from Jan.05.

After going through the literature, I was amazed by its properties and so I also started to apply Noni locally at the affected areas twice daily in addition to consuming twice daily.

NONI TestiNONIals

Now, after about 2 months my wounds have all dried up. Fresh skin has started appearing. There is absolutely no itching at all.

I sincerely thank Noni. I am now an active Distributor.

Jharkhand

I am a house wife and I have no time to sit. I have many problems such as hemoglobin deficiency, skin disease eczema and arthritis.

My husband is working in a bank and in his spare time he also participates in social activities. He has joined Empower India Movement (Health Awareness Programme).

One day he brought me some bottles of Indian Noni and gave one bottle for me to drink. He also told me that it would solve all health problems but I took it and kept it on the shelf and I forgot to use.

In the month of June I felt tired after doing house hold works, also I became very weak day by day. My husband took me to doctor and doctor told me that it is because of Hemoglobin deficiency.

NONI TestiNONIals

7

My husband immediately asked whether I am taking Noni regularly. I said no and he scolded me and asked me to take it regularly.

From that day onwards I used to take Indian Noni regularly. After 3rd day I started feeling better and my energy level increased marvelously. After one month of taking Indian Noni I realized all my other problems were also solved.

My leg eczema disappeared, my palms became smoother, cracks on heels vanished and there are so many changes I have experienced.

I realized now How Indian Noni helped me. This is only a God's gift.

I am a government school teacher. I was suffering from eczema on my left leg. For the past one year I was taking medicines and ointments but no permanent cure.

One fine day I met Mr. Avinash who told me about his involvement in Empower India Movement (Noni Health Awareness Programme), he explained me the health benefit of Indian Noni. He also gave me one bottle of Indian Noni to use it externally and internally.

On his advice I started using Indian Noni internally. Within 10 days after using Indian Noni I noticed that the skin eczema had disappeared and the color of the skin is looking beautiful now. I applied Indian Noni externally also.

Also I realized that pain on my knee has gone. Earlier I could not sit and stand easily, now I

NONI TestiNONIals

9
have got extra energy. I am able to walk five kilometers to go to my school.

Another marvellous thing I noticed is that all my tensions and high blood pressure are under control.

All these because of taking Indian Noni.

Thank you Indian Noni.

Acidity, Eczema

I was suffering from acidity and belching after every eating.

I also had rheumatic pain of smaller joints of fingers and eczema in and around abdomen and gluteal region.

After using Noni for nearly 20 days, I did not get better result for my eczema but my acidity has reduced a little and my motion has become normal.

I hope continuous use of Noni will help me solve my eczema problem.

Filariasis

I was suffering from filariasis and my two legs looks like elephant legs and I am unable to walk easily.

One day my family friend Dr. K.P. Sah, his brother Dr. A.K. Bharti and Mr. S.N. Venkatesh explained about Indian Noni.

I started taking Noni. Within 25 days I got improvement of 30% in my body.

After consuming 2nd bottle of Indian Noni, I feel better and my two legs have come to normal and now I am walking easily.

Still I am continuing Indian Noni.

Itching Skin

I am a junior engineer, working for a reputed concern. For the last 6 years I had been suffering from skin itching, I was ridiculed by my colleagues and friends while in work and site areas.

People even nicknamed me. I have become hypertensive and obese too. I had tried all the medicines in the world but did not succeed.

I attended an introductory session on Indian Noni and was convinced. The same day I started taking it. At the end of the month, my itching had stopped completely.

My Hypertension & Obesity have also been taken care by Noni.

Now I am the star in my area and everyone asks me what is the secret of my handsome personality !

My answer is simple and straight - Indian Noni !

Chandan Nagar, Delhi

I am Prith Pal Kaur residing at Indra Park, Delhi. I was suffering from B.P. depression and skin problem for the last 10 years. I consulted many doctors and took many medicines, but I was unable to overcome any of these problems. I was very much worried about my health condition.

One day I was discussing this matter with my friend Mrs. Tripta Mehta. She told me about Indian Noni and she introduced me to Mr. S. N. Venkatesh. He explained to me about Indian Noni. I believed in him and started taking Indian Noni everyday.

After 15 days I felt very good and my depression and B.P became normal. I continued the 2nd bottle of Indian Noni and then I felt some change in my skin too. Really this change is because of the power of Indian Noni.

I recommend all my friends to take Indian Noni in order to improve their health.

I was suffering from skin disease for the last 12 years. Even after spending lakhs of rupees. I did not have any result, I have consulted all skin specialists in and around Nasik. I took quite a lot of medicines, I tried Ayurvedic medicines also but all in vain, nothing helped me.

I went to my native place to fulfill our family deity vows but it also did not help me. My uncle's friend Mr. Sonkusare came to my gas shop to buy a Gas cylinder.

Coincidentally he saw my hand and advised me to take Indian Noni.

I started taking Indian Noni from that day onwards. After some time my skin problem has gone completely.

I was undergoing agony for 12 years. I could not sleep in the night.

NONI TestiNONIals

But now, I am perfectly alright.

For the last 8 years I was restricted from having
Brinjal and Beans.

Now I could eat them without any ill effects.

I am totally alright.

My name is Ranjana Vijay Jagtap, for the last 4 years I was suffering from severe head ache, eye pain and some sort of skin disease started spreading all over the body.

No English medicines or ointments had control over it. I consulted almost all the doctors, and that was no use. My parents were much worried about my future.

One day I was told about Noni by Mr. Prakash Dhaykar, he explained how it works in our body.

On hearing that, I immediately purchased one bottle and started having it.

After some days of using it all my health problems were solved. My skin looks smooth and shining. I am very happy and also my parents.

In my college I am like a doctor advising friends to use Noni for their healthy long life.

Noni is great. Thanks a million to Noni.
