Polashdina

Durgapur, Tumkur Dist

Karnataka

Because of an injury I was having constant ringing sound in my left ear since 1974, no medicines helped me.

For the last 2 years I was suffering from alternate bout of dehydration and constipation, hyper acidity, vomiting and complete run down condition.

After completion of first bottle (400 MI) of Indian Noni my ear problem is completely solved.

My digestion level improved completely. Slowly I am experiencing the health improvements and gaining energy.

God's gift of Indian Noni sent to me.
