One day my friends had called me and asked if I could free myself for sometime so that I could be introduced to one of the VIPs in the city. I managed to steal some time among my hectic schedule and met him along with my friend.

During the discussion, he revealed that he had been living with digestion problem for years. He said that he had tried all types of medicines and yet didn't get the correct solution.

I started sharing with him the healing properties of Indian Noni. He was convinced and willing to take the fruit juice.

After 15 days I received a call from that person referring this simple man's name as "Dr. Ramesh". He said that he is totally free from indigestion and was full of praise for Indian Noni. He has ordered more number of bottles for his family and friends.

I would like to share my personal pleasure experience with Indian Noni. Whatever I eat, it wasn't digesting properly, within one month of my intake of 'Indian Noni' there was no digestion problem. Today whatever I eat, I feel that it is completely utilized by my body.

I was also obese with a weight of 85 kg and due to this obesity I used to suffer from tiredness, weakness and internal inconvenience.

After I started using Indian Noni within two months of time my weight has reduced from 85 kg to 77 kg.

I have suggested the product to all my friends and relatives. Most of them started getting positive results.

I am thankful to Indian Noni and Mr. Vara Prasad who has introduced Indian Noni to me.
