I am a student, studying M.Com, II Year. I am suffering from low IQ and less memory power.

Dr.R.B.Bharaswadkar introduced me Indian Noni in the month of March 2005.

I started consuming Indian Noni. After drinking Indian Noni I experienced increase in my IQ and my memory power also increased in 3 months.

I got good score in examinations without any fear of examination.

Thanks to Indian Noni and Dr.R.B. Bharaswadkar.
