I was suffering from Head ache for the last 10 years and teeth pain for the past 5 years and hair fall since my child hood.

I have taken all sorts of treatments and pain killer pills but nothing gave me permanent cure. On contrary I became fat because of those costly tablets.

Indian Noni was introduced by Mr. Mariswamy in a seminar. Immediately after knowing about it I started taking Indian Noni. Amazingly within 15 days of taking Indian Noni I experienced many good changes in my body and I feel energetic and the pains started reducing. Hair falling also stopped.

Now I am the happiest person in the world and I made every body in my family to drink Indian Noni.

Thanks to Indian Noni.

If I eat spicy and hot food I used to suffer from body irritation, swelling, itching and pain for about 8 – 10 days. Along with it I used to have hair fall and mental irritation also.

Mr. Vijay Gaikwad introduced me to Indian Noni and explained about the product.

I started using Indian Noni for the past 2 months. Now my swelling and hairfall reduced to a great extent.

My attitude towards people has also changed.

Now I am very happy with my family.

NONI TestiNONIals

Leg Pain, Gastritis, Hair Falling

Before taking Noni, I was suffering with leg pain, gastritis, hair falling problems.

One of my friends introduced Indian Noni (which is highly essential for every human being of our time).

After taking Indian Noni my gastric problem is solved. Hair falling reduced.

No more leg pain, I became energetic and healthy.

Now I have introduced Noni to my one year old male baby Yashwant and my wife is also taking.

For me Indian Noni is my life and greatest fruit juice. I can request every Indian to use to change their life style.

Hi friends ! I am Sheela P. Naik aged 40 years, I would like to share my personal experience of joy and happiness because of Indian Noni.

My body weight was 79 kgs and since one and a half years I had been suffering from B.P. and Diabetes. I was admitted in the hospital as my B.P. had raised up i.e 210/120 which was very dangerous, and after several tests we came to know that I was a diabetic and my RBS post glance was 251.

I was under depression and would get annoyed very fast. It was almost that I had lost all my hope of living.

During Jan 2005, my aunty Uma G. Shastri along with P. Venkatesh from Davangere came home and suggested me to try Indian Noni. Immediately

NONI TestiNONIals

I started taking it. After 3 months when I had been for a routine check up, to my surprise I found that my B.P was absolutely normal 120/80 and my diabetes also showed signs of improvement.

After 6 months my diabetes became absolutely normal RBS 136 after meals. I am very happy now. Not only that, I have reduced 8 kg weight, I am feeling very young and energetic and my skin is glowing. This is what my friends say about me.

Also I had severe hair falling problem rather I developed baldness due to wrong medicines by a Hakim.

After taking Noni it is really astonishing that my hair is growing.

My heart felt thanks to my Aunt Uma and Venkatesh for recommending Indian Noni.

Last but not the least Indian Noni has brought a Ray of Hope in my life.
