I am a retired Brigadier and I am 67 years old. I have been suffering from Psoriasis for more than 20 years.

Lately, I had developed diabetes too. Due to my age and diabetic condition, I was unable to stand or walk. I was introduced to Indian Noni by Dr. Satish Kumar.

On his advice I started consuming Noni. Then I started experiencing a change in my body.

In the next check-up, I was told by my doctor that my sugar level was normal.

My Psoriasis is showing improvements too.

I regret the late introduction to this astonishing juice. I feel as if I have had a rebirth.

Thanks to this excellent drink.
