New Delhi-110006

I am 52 years old and I have been suffering from spinal disorder (Back pain) for 13 years.

I took treatment but finally doctor said I have to undergo a surgery. In surgery also 75% there was no guarantee only 25% it could be successful.

I was completely bed ridden and doing my daily chores in bed. I was not able to stand with out other persons support.

My family doctor Mr. S N Venkatesh adviced me to take Indian Noni and he explained me about Indian Noni's benefit for my health.

I started using Noni, within 7 days I was able to walk and do my daily chores without others support.

Within 15 days I went to masjid to pray. Now my back pain is totally gone. I go to Okala for my business.

## **NONI** TestiNONIals

I drive my motor cycle independently.

I am using Noni regularly. I am very happy and energetic.

Indian Noni is my life partner. It gave me a new life.

In my life, God has come in the form of Indian Noni.

It has saved me.

Satpur, Nasik-422007

I was sick on the day of August 2nd 2004 and thereafter I could not walk and more over this happened all of a sudden.

On that night I had been admitted to Nasik Civil Hospital and it was diagnosed spinal injury due to which I could not walk without taking others help.

My vertebrae was worn out due to that I could not stand also. It cannot be operated as the worn out portion cannot be replaced. I was so upset and thought I cannot walk again.

While my relatives made all the arrangements to shift me to Bombay for further treatment Mrs. Neena Deshmukh and his associate Mrs. Gosavi introduced Noni to my son.

He immediately without any further delay made me to consume Noni, within 3 days of consuming Noni my health improved and after 15 days

## **NONI** TestiNONIals

I was able to walk with little support and sit on the floor.

Thereafter I continued taking Noni for the past 3 months.

Now I could stand on my own and do my nine hour duty at Primary Health Centre regularly My dependents and me are so happy.

I thank the introducer of Noni.

West Bengal

Before taking Noni I was suffering from back pain for the last 4 years along with breathing problem in the last 1 year.

Our family friend Ms.Sipra Das introduced me Indian Noni. I started taking Indian Noni. After taking Noni for 1 month I got 25% better from pain.

After taking second bottle of Noni I got 50% better from pain. Now I am taking 3<sup>rd</sup> bottle of Indian Noni. My health condition is improving day by day.

My heartiest thanks to Indian Noni.

Indian Noni is an alternative health enhancer.

V.S.P-17, Andhra Pradesh

I am a housewife and for the past five years I have been suffering from pains in my spinal cord. I used to have severe backache too.

I was carrying on my regular household activities without complaining about this too much. But the inner struggle had become a part of myself.

One day, one of my relatives, Mr. Srinivasa Rao sensed my struggle and introduced Indian Noni to me through the support of Mr. Sastry. I am taking Indian Noni for the past two months as per the directions given to me.

Now I am feeling alright. I will surely continue this drink in the days to come too. I will also introduce Indian Noni to my neighbours, elders and children.

Indian Noni is the best food supplement. A Health Food for the next generation. It is my healthy friend who blesses me with Good Health.

Andhra Pradesh

Before taking Noni my body condition was very bad. I was in bedridden condition for the last 8 months.

The pain in spinal cord was very severe. Because of that I was not able to sit, stand and I was not able to sleep properly. Doctor advised me to undergo operation.

Then I met my God Father Prof. Dr. P. I. Peter. He advised me instead of operation. I started to take Indian Noni.

Now my feelings are very happy. My health permitted me to work and I am attending my duties.

Indian Noni is not a medicine. It is a food supplement. It is a AMRUTHAM.

It saved my life. Thanks to Nature. Thanks to Dr. P.I. Peter.

Thanks to Health India Laboratories.
